COUNTERFEITING ON INCREASE

Criminals Think Secret Service

ording to Chief John E. Wilkie, of The Serrel Service division of the Treas-ury Department, counterfeiting is becom-ing a popular pastime, and is on the in-crease. Chief Wilkie declared yesterday that during the month of December his men had made skrty-two arrests in coun-terfeiting cases, and so far in January they had captured thirty-five others ac-cused of this crime.

of this crime.
Wilkie believed that this in-

in counterfelting had been caused reports spread broadcast throughsoft the country that the Secret Service and been consolidated with the Bureau rel lavestigation in the Department of Justice. These reports, the Chief said, made criminals think that the Secret Lervice was not on the job.

UP TO CAPT. OYSTER

School System Criticised by Trade Board Committee.

DECISION NEXT WEDNESDAY

Be Placed in Hand of Commissioners Will Be Voted I pon. Charges Not Yet Answered by President of Board of Education.

isms on the conduct of Washington schools before the schools committee of the Board of Trade had taken a vote of the resolution bids fair to make orderly discussion of the subject somewhat diffi-

Capt. James F. Oyster, president of the with the as-a manument erated by the committee with one hand, and severely censured with the other, declines to discuss the question until he

Copy Sent to Board. formed that a copy of the charges had been sent to the board of education some mittee; that the superintendent of schools had been asked to be present at the meet-ing of the committee, and that certain questions bearing upon the investigation had been drawn up and forwarded to the chairman of the board of education

prior to the meeting.

So Mr. Allen thought that the boars
of education had been sufficiently of education had been sufficiently noti fied of the action that the schools com-mittee of the Board of Trade intended to

pursue in their inquiries.

The resolution that is pending declares that as far back as 1988 a similar committee of the Board of Trade recommended that the dual system of school management was unsatisfactory and should be changed, and the President Taft, in his last message to Congress, doubted the economical and elements. scient management of schools under the

The basis of the decision of the con

nittee, or a majority of it, seems to be communication from Snowden Ashford n which specific instances of what is re set forth in detail, and which forms the ground for the charges which the com-mittee prefers against the school board. There is, however, a plain effort on the part of some members of the con ee to have it appear that the inefficien and wasteful management of school af-fairs by the school board is no reflection upon the capacity or integrity of the members of the board of education, but s an inevitable result of the defects of the dual system whereby the Commissioner bear the responsibility and the board of education has the control.
